

Berlin Tourist Info Centres

For visitors to the city, our Berlin Tourist Info Centres offer a first stop for expert and comprehensive advice on how to enjoy Germany's capital to the full – a service attracting over 1,400,000 customers every year.

Our Berlin Tourist Info Centres can be found at prime tourist hotspots in the city – from Tegel BER, the Central Station (Hauptbahnhof) to the Brandenburg Gate. At these locations, we are optimally positioned to advise Berlin visitors and book their event tickets, hotel accommodation and city and boat tours.

You too can leverage our strong visitor numbers and frequent customer contact for yourself.

- **Hire leaflet holders for your flyers**

Present your flyer (in DIN long format) at the prominent leaflet dispensers in our Berlin Tourist Info Centres. These wall-mounted leaflet holders are near the advice counter and in direct view of visitors. In this way, our team in the Centres can directly pass information on your services to interested customers.

Our flyer service is easy to use. You deliver your flyers to our distributor and they arrange the rest. They deliver to the Berlin Tourist Info Centres and check at least once a day that your flyers are properly displayed. If the Centres appear to be running out of your flyer, you are informed in good time to supply additional flyers so they can be continually displayed.

This, naturally, is not a guarantee that visitors take your flyer with them. Active flyer distribution can be arranged at all our locations and is a service limited to one customer per week at each location.
